

ABOUT ME

Brandon Spriggs
Technical Service Engineer
bspriggs@chromascape.com

As a dedicated Technical Service Engineer at ChromaScape, Brandon Spriggs combines a passion for problem-solving with a deep understanding of customer interface, applications knowledge, critical thinking and the implementation of system design. With a relentless commitment to delivering top-notch technical support, Brandon plays a central role in ensuring the seamless operation of ChromaScape's innovative solutions.

Brandon possesses substantial expertise in supervising the production of colored paper grades and handling diverse facets of the production process. His professional background involves hands-on engagement in day-to-day production operations, emphasizing efficiency, safety and fostering employee development. Brandon's experience underscores a versatile skill set, demonstrated through adept monitoring of equipment, effective supplies management, strategic schedule optimization and consistent commitment to compliance and safety standards.

Brandon has a Bachelor of Fine Arts in Painting and Drawing from the University of Louisville.

Brandon is proud to call Erving, MA home, where he lives with his wife, Emily and their two beautiful children, Isabella and Emmett.

Family activities are very important to Brandon. Whether it's kayaking or paddleboarding, shooting hoops on the basketball court, or cheering for the family's favorite sports teams, the University of Kentucky, the Celtics and the Red Sox, every moment is a chance to create lasting memories.
